

What our Weddings by Sandy Officiant does.

- Works with us, between the times we contract him or her through our ceremony, to create our vision for our ceremony.
- Assists us at rehearsal to help everyone understand how our ceremony will be conducted.
- Works with the vendors at the ceremony to perfect our ceremony and to ensure things stay on track. Our Officiant will typically provide the back page of the ceremony for the musicians and/or the DJ.
- Sets up our special ritual and ensures everything is ready for our ceremony.
- Supports us at your ceremony by having tissues in their pocket, having vow cards to hand us if we requested this, and staying calm and focused on us and our ceremony.
- Signs and mails our legal documents.
